

# Induction assignment

---

- Research 5 different health and social care jobs and their roles and responsibilities.
- What do they do?
- What are the day to day things that they may do?
- What responsibilities do they have?
- What type of health and social care setting might they work in?
- What qualifications are required to do each job?

For example, Doctors, Nurses, Midwives, Healthcare Assistants, Social Workers, Occupational Therapists, Youth Workers, Care Assistants, Care Managers and Support Workers.
