

BHGS Core Maths Induction Assignment 2018

In order to succeed in Core Maths, you will need to be fluent in the basics!

There are 10 tasks to do on MyMaths over the summer. I expect you to repeat tasks until you have got a green smiley face! Use the lessons or your revision to help you if you are not managing to get green. The password for MyMaths has been changed from hexagon to **pentagon**. All other login details will remain the same.

In order to be added to the Core Maths class you will need to email me!

You will need to complete them by the first week back – we will use the results to give your assignment grade.

During the induction, Mr Kench gave out a letter telling you that you will need to purchase a textbook (£26.50) and that it is highly recommended that you upgrade your calculator. I will be putting in a bulk order of calculators and textbooks (in the hopes of securing a discount) in September, so warn your parents you will need around £45.

If you have any questions, please email Mrs Dudley:
